

AIE SPORTS HANDBOOK

MISSION STATEMENT:

Team sports provide an opportunity for students to learn valuable lessons about setting and accomplishing both individual and team goals, to enjoy the camaraderie of a team setting, to develop self-worth, and to excel. Our school seeks to keep sports in a proper perspective as a tool in learning and achievement, especially in the context of the overall balance of our unique educational and family environment.

Our goal at the 7/8th grade level is to teach the basics and prepare them for the high school level. Our goal at the high school level is to compete as a team in season play under the guidelines of the KCAA. Our goal during tournament time is to play the most competitive combination of players to advance in the tournament as we represent AIE.

Non-KCAA Sports goal is to allow the development of skill and social interaction.

GUIDELINES:

The Academy for Individual Excellence is a member of the KCAA (Kentucky Christian Athletic Association). All constitution and by-laws, as well as the policies and procedures will be followed and may be viewed on the associations' website. www.kcaaonline.com

In an effort to implement this mission, the school has adopted the following guidelines to assist students, parents and the coaches:

1. **Participation.** Recognizing that sports are a tool intended to assist with the development of all interested students, participation in a sport will not be limited to the student's ability in a given sport. AIE has a "no cut" policy, meaning that any interested student is eligible to participate on a school team. There will be no tryouts for any AIE team and all interested students shall be encouraged to participate. However, participation on a school team is a privilege and not a right of any student. Regular and meaningful participation in scheduled practices and games, as well as proper behavior at such events, is a requirement for participation on a school team.
2. **Playing time.** It is the general policy of AIE that all team members shall play in regular season games. This policy is dependent upon a student's regular and meaningful participation at practice and behavior at all such events, as described above. Because of the school's "no cut" policy, there will be teams with a large number of participating players where it is not practical to play each student in each event in a meaningful manner. When such a condition occurs, the team may be divided up into two groups: (1) a core group of players whose past experience, dedication, and skill level justify their participation in each game, (2) two or more other groups of players who are divided equally, who fully participate in practices

and who will play on a rotating basis. An example; a basketball team has 20 players. Because it is impractical to give 20 players meaningful playing opportunities in each game, the team might be divided into (a) a core group of 8 players who will play in each game, (b) a group of 6 players who will be called the “Red Team”, and (c) a group of 6 players who will be called the “Black Team”. On the first regular season game, the core group and the Red Team would each play in the game, while the black team will be excused from attending the game. At the next game, the core team and the Black team would each play in the game, while the Red team would be excused from attending the game. Any player from the “Red” or “Black” team not required to participate in that game, are still welcome to be a part of the team, but should not expect to play in that game. These rules do not apply in tournaments, during which playing time is subject to the discretion of the coach and the Athletic Director.

3. **New Students and New to sport players:** The KCAA By-laws state: A transfer student, who has transferred from a non-member school is eligible to play for a member school on the 15th day after he/she is enrolled in the member school. The member school is required to send a letter stating the date of enrollment and previous school enrolled in. We must also have a copy of the birth certificate for this request. A transfer student, who has transferred from one member school to another member school, during the school year, must sit out six weeks (42 days) and is eligible on the 43rd day. A letter of good standing and Birth certificate are required.

Varsity players beginning any sport at the varsity level without having played JV sports should expect the amount of playing time to be adjusted accordingly at the coach and Athletic Directors discretion.

All new students that wish to play sports must have approval from school administration.

4. **Sports Fees.** Due to rising costs and the desire to polish our sports program, the Academy has found it necessary to implement a sports fee for all students participating in sports offered by the school. In an effort to offset some or all of the following: Use of vans, gas, equipment, awards, uniforms, etc.

*NOTE: All jerseys and team shirts become the property of the player in all sports. Replacement fees will be charged for all uniform parts needing to be replaced.

The fees for each sport are as follows:

Team Shirts are required for all sports and are a separate fee per sport. See your Athletics release form to order.

Volleyball \$200.00 – this will include uniform jersey and transportation to away games if needed.

Soccer \$200.00 – this will include uniform jersey and transportation to away games if needed.

Basketball \$200.00 - this will include **use** of a uniform and transportation to away games if needed. This fee does NOT include team shoes and warm ups, which are a separate fee.

Baseball & Softball \$200.00– this will include uniform jersey and transportation to away games if needed.

Archery \$100.00 – this will include shooting fees and equipment usage.

Bowling – this will include lane fees and transportation to and from the bowling alley if needed. Cost will be given at the time of sign up's.

Appropriate dress for practices is mandatory. Anyone not following dress code will not be allowed to practice. No cut off t-shirts and shorts must be longer than the finger tips with arms extended downward.

The fee for middle school basketball is \$200.00.

Sports fees are due by the first practice.

5. **Team Behavior.** Students are representing AIE and participating in a school event at all practices and games. They are expected to behave in accordance with all

school rules during such times, including the rules regarding the dress code. **During away games when the team is not playing, the players are required to sit together in the stands. Coaches who are not coaching a game are expected to also sit with the players. Before home games, players must sit together and with their coach until they are dismissed to prepare for their game.** On game days and at such games, the players are required to wear their AIE warm-ups or other dress designated by the coach or athletic director.

6. **Sportsmanship:** Players (and fans) are expected to act in an appropriate manner at all times. This would include showing respect to all officials, players and coaches, from either team. Any player who acts in an inappropriate manner at any team event, whether it is a practice, travel or a game may be disciplined, including being held out of a game(s) or being suspended from participating with the team. Any fan who similarly acts in an inappropriate manner may be asked to leave the facility or abstain from attending future games. We need to remember that our children are always watching to see how we, as adults, handle situations.
7. **Athletic Director.** The Athletic Director is responsible for the implementation of the school's policies. Any requests for information regarding these policies or concerns about a particular student or coach should go through the Athletic Director, who is best qualified to make such decisions based on the overall best interest of the students.
8. **Coaches:** Coaches are required to complete several hours of training, as well as complete first aid and CPR training. Please make your child's coaches aware in writing of any physical or health situations/ issues that they need to know for the safety of your child and other children on the team.

Due to the procedures and requirements we must follow for all coaches, implemented by the KCAA (Kentucky Christian Athletics Association) and the KHSAA (Kentucky High School Athletics Association) anyone not approved by the athletic director and the administration may not "help" with the teams. Individuals wishing to help should contact the Athletic Director.

Open gym time may be available, but is not mandatory for attendance. Please check with the Athletic Director.

Coaches will not be able to recommend "league sports" outside of our school.

9. **Practices:** Players are expected to attend and arrive on time for all scheduled practices in designated practice uniform, unless they have notified the coach in advance of the practice. Failure to attend practices or to fully participate in practices may result in a student not being allowed to participate in games.

Exceptions may be made for family, church, or medical issues, where the coach has been previously made aware.

Regular season practices will not start more than 7 weeks prior to the first game.

When school is cancelled due to weather or any other reason, there will be no practice, open gym, etc.

Student Contact: Coaches are never to be alone with a player. Parents should not request coaches to give players rides to or from any practice unless another adult or player will be present. **Parents: Please be prompt in picking your child up from all events. Subsequent occurrences will be referred to and handled by the administration.**

10. **Health Physicals:** It is the responsibility of the parent to have a sport physical performed by their family physician and to sign a school athletics release form each year. No student will participate until all necessary papers are turned into the Athletic Director.
11. **Uniforms and Equipment:** The Athletic Department will issue all uniforms to members of our teams. All Cougars athletes who are issued uniforms and/or equipment are responsible for their care. The cost of any such uniform or equipment, which is lost or damaged, will be billed to the athlete. Failure to turn in uniforms on time will result in disciplinary action from the administration.
12. **Injuries and Sickness:** Students with illnesses or injuries which result in medical exemptions from practices or contests must submit a release from a physician other than a family member before participation may be resumed.
13. **Absences and Tardies:** If a player is continually or habitually tardy for practice or games, it may affect his/her standing on the team. Consequences for unexcused absences or tardies will be determined by the coach and Athletic Director.

14. **School Attendance:** Each Student must be in school at least half of the day to be eligible to practice or play in games. Extenuating circumstances will be considered on an individual basis.

15. **Dress Code:** The dress code in the student handbook must be followed at all times when the team is not dressed in practice or game uniform.

16. **Travel and Transportation: (Directions for parents to all away games are available in the office)** Safety is of the utmost concern and therefore, students using transportation provided by the school must follow these guidelines for travel:
 - It is expected that the team will travel together, with rare exception.

 - Abide by all school rules and regulations.

 - Always be on time.

 - Follow dress codes.

 - Be respectful at all times.

 - Athletes must stay with the coaches and team at all times. If the team stops at a restaurant or rest area, all students must go in.

 - Never leave the playing area.

 - No loud voices or standing while the bus or van is moving.

 - No sharing of music or electronic devices.

 - Cell phones are permitted. They are to be used **ONLY** to contact parents/guardians.

- All students requiring transportation to any game **MUST** sign up in the office by the designated time (usually the day prior to an event) to allow for proper planning.
 - The coaches reserve the right to restrict the playing time of any student that does not abide by any of the above rules and may seek help from administration in correcting any issue if necessary.
17. **BE PROUD to be a Cougar:** Athletes and parents are to make positive comments only. Encouraging our players and coaches, helps them perform at their best. Comments to or about referees, other players, or coaches serve no positive purpose.
 18. **Athletic Awards:** At the end of each season, the Athletic Department will have a specific activity (banquet, breakfast, etc.) to honor the teams, coaches, and to recognize achievements of teams. Although we try to keep cost to a minimum, there may be a fee for a portion of the activity.
 19. **Athletic Insurance:** Because the risk of injury increases for students involved in athletics, all student athletes should be covered by Health Insurance. While it is the responsibility of the parent to provide health insurance, AIE has an accident policy that kicks in after the students insurance has paid their part and pays the balance. AIE does not assume any financial responsibility for injuries received while participating.

Sports currently offered throughout the year.

Baseball	KCAA	Boys
Basketball	KCAA	Boys and Girls
Soccer	KCAA	Co-ed
Volleyball	KCAA	Girls

Archery **NASP**
Bowling **Intramural**
Cross Country **KCAA**

Conclusion

The conclusion of an athletic contest is only a few minutes, while the training for it may take many weeks of hard work and continuous exercise of self-effort. The real value of the sport is not the game played in the limelight of applause, but the hours of determination and self-discipline carried out alone, imposed and supervised by an exacting conscience. The applause fades, the prize is left behind, but the character you build is yours forever.

It's all about the Journey.

Athletic Director – Aaron Dubow

Principal - John Savage

- We are following all Covid 19 guidelines. If you would like more information on these guidelines please contact the athletic director.
